FROM	TO
ITB 5.4 The bidder must have completed two contracts similar to this project,...	5.4 The bidder must have completed contract similar to the project to be bid...
ITB 12.1 (a) Eligibility Documents – Class "B" Documents: 16) Certified True Copy of Manufacturers Certificates such as: 17) Affidavit to conduct a One (1) day Training on the Use, Operation, Configuration and Maintenance of Handheld Radio including Training on RLM to a number of BJMP personnel equivalent to the number of units to be procured. (All expenses relative to the said training shall be borne by the supplier.)	16) Certified True Copy of Certificates such as: 17) Sworn Undertaking to conduct one (1) day Users Training on the Use, Operation, Configuration and Maintenance of Handheld Radio including Training on RLM to a number of BJMP personnel equivalent to the number of units to be procured. (All expenses relative to the said training shall be borne by the supplier.)
Additional Technical Documents	18) Certificate of Employment with valid PRC and APO ID of one (1) Professional Electronics Engineer (PECE) and at least one (1) Electronics Engineer (ECE).
Section VII. Technical Specifications Item (I) Design/Construction and Operation The portable radio shall be lightweight with robust mechanical package that provides reliable performance for demanding environments. It shall be software-based design, readily configurable and easily expandable. It shall be compliant to MIL STD	The portable radio shall be lightweight with robust mechanical package that provides reliable performance for demanding environments. It shall be software-based design, readily configurable and easily expandable. It shall be compliant to MIL STD

Bid Bulletin No. 1 Portable Radio System

810F and IP67 rating	810F and IP57/IP67 rating. It shall operate either on Conventional or Digital Mode. It shall be interoperable with existing digital radio using TDMA channel access and ETSI DMR Standard.
Section VII. Technical Specifications Item (II) Frequency and Range	
380 to 395MHz	380 to 400 MHz
Section VII. Technical Specifications Item (V) Transmitter	
The portable radio shall have a 3W or higher RF Output Power with FM Hum and Noise of >40 dB for 12.5 kHz and >45 dB for 25kHz. Frequency Stability of 1 to 2 ppm	The portable radio shall have a 3W or higher RF Output Power with FM Hum and Noise of ≥40 dB for 12.5 kHz and ≥45 dB for 25kHz. Frequency Stability of ± 2 ppm or better.
Section VII. Technical Specifications Item (VI) Receiver	
The portable radio shall have a SENSITIVITY of 0.25 μV to 0.3μV with Intermodulation of >65dB. The Rated Audio Output is 500 mW with audio Distortion of <5%	The portable radio shall have a SENSITIVITY of 0.25 μV to 0.3μV with Intermodulation of >65dB. The Rated Audio Output is 500 mW with audio Distortion of ≤ 3% or better
Section VII. Technical Specifications Item (X) Security	
It shall be certified encryption. Proprietary encryption is not acceptable.	It shall be certified encryption, at least 128 bits encryption. Proprietary encryption is not acceptable.
Section VII. Technical Specifications Item (XI) Key Features	
a. The digital vocoder should be AMBE +2	a. The digital vocoder should be +2 or AMBE ++

This Bid Bulletin No. 1 shall form part of the Bid Documents. Any provision in the issued bid documents inconsistent herewith is hereby amended, modified and superseded accordingly.

Issued this 21st day of July 2015 at BJMP National Headquarters, 144 Mindanao Avenue, Quezon City.
