II. BACKGROUND

The State recognizes the vital role of knowledge and information in nation-building and promotes the intellectual well-being of the people. While persons deprived of liberty (PDL) are segregated from the free society, they share the same responsibility in building our nation especially so when they return to the mainstream of society. It is important to allow them to further educate and enrich themselves through reading books, magazines and other information, education, and communication (IEC) materials. Furthermore, it is a mandate under international law that every prison shall have a library for the use of all categories of prisoners, adequately stocked with both recreational and instructional books, and prisoners shall be encouraged to make full use of it.

However, this effort in developing PDL also has its downfall. To mention a few, reading materials brought in jails accumulate in massive volume thereby occupying a great space/area; sheets of paper can be used as cigarette/cigar roll or can be converted into solid materials which can be used in making “kubol”; and stocks of paper can be an additional fire hazard to the jail. Furthermore, unnecessary items stored inside cells hamper the searching process or Operation Greyhound. Lastly, unregulated use of printed materials by the PDL can distort the supposed developmental/therapeutic goals of the activities of reading and viewing. Hence, this Memorandum Circular is formulated to regulate, monitor and supervise the entry, use, and disposal of the reading materials of PDL in order to preempt their improper and illegal use and other unnecessary consequences to jail safety and security.
III. PURPOSES

a. To control the entry of reading materials in jails.
b. To regulate the use of reading materials by PDL.
c. To monitor and supervise the use, storage, and disposal of reading materials.
d. To provide sanctions for violation hereof.

IV. SCOPE/COVERAGE

This memorandum circular shall be observed in all BJMP-manned jails nationwide.

V. DEFINITION OF TERMS

c. Record of Reading Materials (RRM) – refers to the official record of all reading materials that are being used by PDL in jails.
