1.0 Introduction

The Bureau of Jail Management and Penology (BJMP) aims to promote public safety by providing humane safekeeping and developmental opportunities to Persons Deprived of Liberty (PDL). To accomplish this mission, BJMP must ensure that its operations are performed efficiently with minimal disruption, especially during an emergency. This document provides planning and program guidance in implementing the Bureau's continuity of operations plan and programs to ensure that the organization is capable of conducting its essential missions and functions under all threats and conditions. While the severity and consequences of an emergency cannot be predicted, effective contingency planning can minimize the impact of any disaster on BJMP's mission essential functions and permit the Bureau's timely recovery for the resumption of its normal operation.

2.0 Purpose

The overall purpose of this BJMP Public Service Continuity Plan (PSCP) is to provide operational action and protocols that will be undertaken by the BJMP and its Regional Offices in response to "The Big One" or any related incidents and advisory or alerts issued by the Philippine Atmospheric, Geophysical and Astronomical Services Administration (PAGASA) or the Department of Environment and Natural Resources - Mines and Geosciences Bureau (DENR-MGB), and to ensure the continuity of operations through the restoration of mission's essential functions.

3.0 Policy Statement

In compliance with the Cabinet Action/Decision File No. 381-120517-34 dated December 05, 2017 and NDRRMC Memorandum No. 33, s. 2018 and No. 57, s. 2020, enjoining government agencies to formulate their respective PSCPs for the purpose of ensuring the continuous delivery of essential agency functions notwithstanding any emergency or disrupting event, the BJMP recognized the urgency to formulate and maintain a comprehensive and effective continuity capability composed of continuity of operations and government programs in order to ensure the preservation of our form of government under the Constitution and the continuing performance under all conditions.

The BJMP commits to the attainment of the following public service continuity objectives in times of disruptive event or disaster:

a) To safeguard the life and welfare of its personnel and their families;
b) To safeguard the life and welfare of the PDL under its care;

Prepared by: JSINS P ROMNICK L. ATIENZA
OIC, Safekeeping Management and Tactical Operation Division

Jail Director
Chief, BJMP

"Changing Lives, Building a Safer Nation"
c) To minimize property damage and loss;
d) To ensure the operational readiness and functional management of all BJMP Jails nationwide;
e) To protect and preserve vital data and information used to deliver BJMP programs;
f) To ensure organizational dependability by quick recovery from disruption and immediate resumption of critical services to the public and other stakeholders;
g) To ensure that BJMP can perform its essential function under all conditions;
h) To reduce or mitigate disruptions to operations;
i) To ensure that the Bureau has facilities where it can continue to perform its essential functions as appropriate, during a continuity event;
j) To protect essential facilities, equipment, records, and other assets, in the event of a disruption;
k) To achieve timely and orderly recovery and reconstitution from an emergency; and
l) To ensure and validate continuity readiness through a dynamic and integrated continuity test, training, and exercise program and operational capability.

4.0 Scope

This Public Service Continuity Plan (PSCP) shall apply to the entire BJMP, i.e., personnel, offices and jail facilities nationwide.

5.0 Roles and Responsibilities

To ensure the timely updating of the BJMP Public Service Continuity Plan (PSCP) and to include the provisions for other emerging risks, the BJMP-PSCP Core Member’s roles and responsibilities are hereby created as follows:

5.1 Chief, BJMP

- Approves and authorizes the implementation of the BJMP Public Service Continuity Plan (PSCP);
- Approves allocation of resources to ensure successful implementation of the plan; and
- Ensures the continual improvement of the BJMP-PSCP.

5.2 Deputy Chief for Operations of the Jail Bureau (DCO)

- Ensures that the PSCP is established, maintained, and reviewed annually (13.0 Testing and Maintenance);
- Ensures implementation and compliance to the BJMP-PSCP;
- Supervises the implementation of the BJMP-PSCP; and
- Ensures the continual improvement of the BJMP-PSCP.

5.3 BJMP-NHQ DRRM Committee

- Establishes the guidelines and standards in compliance with the BJMP-PSCP;
- Informs BJMP Stakeholders and the entire BJMP (BJMP Regional Office and Jail Units) on the BJMP-PSCP;
- Consolidates and evaluates personnel needs to ensure the continuity of BJMP critical unit’s functions and operations;
- Monitors nationwide compliance with the BJMP-PSCP; and

"Changing Lives, Building a Safer Nation"
• Ensures the continual improvement of the BJMP-PSCP.

5.4 BJMP Incident Response Team

• Oversees and prioritizes actions during the detection, analysis, and containment of an incident;
• Focuses on investigating, responding to, and recovering from incidents; and
• Responsible for conveying the special requirements of high severity incidents to the rest of the organization.

5.5 BJMP Regional DRRM Committee

• Develops an Implementation Plan based on the BJMP-PSCP;
• Identifies specific personnel needs according to their functions and operations;
• Communicates the BJMP-PSCP to concerned staff;
• Ensures compliance to the BJMP-PSCP guidelines for the continuity of the operations and services to meet the client/stakeholder needs of the BJMP; and
• Ensures the continual improvement of the BJMP-PSCP.

5.6 BJMP Public Service Continuity Team (BJMP Alternate Regional Site)

• Ensures the provision of uninterrupted BJMP services to its clients and stakeholders in case of disruption of BJMP-NHQ mission essential functions; and
• Ensures and maintains continuous delivery of BJMP-NHQ mission essential functions.

5.7 BJMP Personnel

• Comply with the BJMP-PSCP;
• Supervise own ranks on the compliance to the BJMP-PSCP; and
• Ensure the continual improvement of the BJMP-PSCP.

"Changing Lives, Building a Safer Nation"
6.0 Definition of Terms

a. Call Tree - a structured cascade process that enables a list of persons, roles and/or organizations to be contacted as a part of information exchange or plan invocation procedure (BCI Glossary 2011).

b. Continuity – the uninterrupted ability to provide services and support, while maintaining organizational viability, before, during, and after an event (Federal Emergency Management Agency (FEMA), 2013).

c. Continuity Event – an event that disrupts, or has the potential to disrupt the normal and regular performance of government operations (FEMA, 2013).

d. Continuous Operations – the ability of an organization to perform its processes without interruption (Disaster Recovery Journal).

e. Delegation of Authority – identification by position, of the authorities for making policy determinations and decisions at headquarters, field levels, and all other organizational locations. Generally, pre-determined delegations of authority will take effect when normal channels of direction have been disrupted and will lapse when these channels have been reestablished.

f. Disaster - serious disruption of the functioning of a community or a society involving widespread human, material, economic or environmental losses and impacts, which exceeds the ability of the affected community or society to cope using its own resources (RA 10121).

g. Disaster Management - refers to the organization and management of resources and responsibilities during emergencies.

h. Disruption- an event that interrupts normal business, functions, operations, or processes, whether anticipated (e.g., hurricane, political unrest) or unanticipated (e.g., a blackout, terror attack, technology failure, or earthquake) (BCI Glossary 2011).

i. Emergency – unforeseen or sudden occurrence especially danger, demanding immediate action (RA 10121). In Continuity Management, emergency is a situation that concerns life safety that would require an immediate response but the scope of impact is contained within the concerned facility.

j. Government Functions – Government functions include both the collective functions of the heads of agencies as defined by statute, regulations, presidential direction, or other legal authority, and the functions of the legislative and judicial branches.

k. Incident – an event that might be, or could lead to, a business disruption, loss, emergency, or crisis (ISO 22300). In this document, we will refer to continuity event and incident as similar terms.

l. Mission Essential Functions – also known as the critical functions or the critical activities performed by organizations, especially after a disruption of normal activities.

m. Mitigation - refers to the taking of actions to reduce vulnerability. It accepts the occurrence of natural hazards but attempts to limit their impact on jails.

n. Normal Operations – generally and collectively, “normal operations” refer to the broad functions undertaken by an organization when it is assigned responsibility for a
given functional area; these functions include day-to-day tasks, planning and execution of tasks.

o. Orders of succession – provisions for the assumption by individuals of senior agency office leadership positions during an emergency in the event that any of those officials are unavailable to execute their legal duties.

p. Preparedness - comprises activities taken in advance to enhance BJMP capacities to ensure an effective response to natural hazards.

q. Prevention - includes all activities to hinder natural hazards from having harmful effects on BJMP mission’s essential function.

r. Public Service Continuity- defined as the capability of a public sector organization to continue the delivery of services at acceptable predefined levels following a disruptive incident (NDRRMC TWG adaptation of “business continuity” from ISO 22300).

s. Public Service Continuity Plan- a continuity plan is a plan that details how an individual organization will ensure it can continue to perform its essential functions during a wide range of emergencies (FEMA, 2013).

t. Reconstitution – the process by which surviving and/or replacement agency personnel resume normal agency operations from the original or replacement primary operating facility.

u. Risk - potential for a disaster to occur.

7.0 Assumption

The Strengths, Weaknesses, Opportunities and Threats (SWOT) Analysis (Appendix “A” BJMP- NHQ DRRM Approach SWOT Analysis) served as the basis for Capacity Building Strategy for Disaster Risk Reduction Management approach needed to address, strengthen and scale up response strategy carried out to mitigate the impact of any disruption of the continuity of the BJMP essential services nationwide.

In the event that a major disruption crippled the delivery of essential function of BJMP-NHQ, the BJMP-NHQ alternate regional site shall be activated based on priority number (Appendix “B” BJMP- NHQ Alternate Regional Site). The designated alternate regional site will sustain the Mission Essential Function of the BJMP-NHQ.

The operations background in time of disruption (Table 1. Operations Background in Time of Disruption) represents the immediate measures and actions that were prepared by the BJMP-NHQ to maintain appropriate procedures in incident response and manage the immediate consequences of disruption for the recovery and resumption of BJMP-NHQ essential functions.

### 8.0 Mission Essential Function and Recovery Time Objectives

#### 8.1 Critical Mission Functions

a. Leads the programs or projects implemented by the Bureau in relation to safekeeping and development of PDL;
b. Ensures processing of financial accounts and documents both internal and external to the Bureau, other government agencies and stakeholders as authorized by the Chief, BJMP;
c. Monitors and maintains vital Information and Communication Technology (ICT) system and infrastructure in order to support the day-to-day operations of the mission essential functions;
d. Ensures emergency procurements of the Bureau in support of the mission essential functions and crisis response activities in coordination with the Directorate for Logistics and Directorate for Comptrollership (Finance and Procurement Team);
e. Promotes the general welfare and development of personnel;
f. Maintains the products and services provided to clients of the BJMP; and

g. Provides administrative and logistical requirements to support the personnel and operations of the Bureau.

#### 8.2 Deferrable Mission Functions

a. Formulates policies and guidelines in the administration of all district, city, and municipal jails nationwide;
b. Monitors the compliance by wardens of the different operational policies and regulations set forth by the Bureau;

"Changing Lives, Building a Safer Nation"
c. Helps enhance the security and safety of the PDL as well as the jail facilities nationwide;

d. Equips the personnel with the necessary skills in the effective management of jail security and safekeeping of PDL;

e. Ensures that the Bureau complies with its directives pertaining to jail operations; and

f. Ensures that the Bureau complies with the principles relative to use of different international instruments in the humane treatment of PDL.

8.3 Essential Supporting Activities

a. Formulates and implements policies, guidelines, and programs relating to security, custody, discipline and control of PDL;

b. Conducts periodic inspection of jail facilities and supervision over jail facility personnel; reviews matter concerning penology such as custody, security, discipline, and control of PDL; and ensures that the same are properly and religiously implemented;

c. Formulates plans, programs, policies, and guidelines for the effective nationwide implementation of rehabilitation programs and services for all PDL; and

d. Coordinates with private the government agencies and solicits their assistance and support to rehabilitation programs in jails nationwide.

8.4 Recovery Time Objectives (RTO)

Shown in the table below are the Recovery Time Objectives (RTO) within which the BJMP mission's essential functions must be restored after a disaster in order to avoid unacceptable consequences associated with a break in continuity of operations.

9.0 Activation Criteria, Procedures and Authority

9.1 Activation of BJMP-PSCP:

Based on the type and severity of the emergency situation, the BJMP-PSCP may be activated in the following incidents:

a. Damage or inaccessibility of the BJMP National Headquarters based on the following considerations:
   a.1 How long the emergency situation is projected to continue;

   "Changing Lives, Building a Safer Nation"
a.2 Severity of the event based on the risk and damage assessment; and
a.3 Staff/personnel availability; or

b. With the approval/consent of the Chief, BJMP or the next ranking BJMP Official to initiate the BJMP-PSCP activation for the entire BJMP based on an emergency or threat directed at the organization as assessed by the Incident Management Group.

In either scenario, once the decision to activate the BJMP-PSCP has been made, the deployment phase will be followed until its completion and reconstitution.

9.2 Declaration:

The BJMP Continuity Service Team designated in identified alternate regional site shall provide the services offered by the BJMP-NHQ upon the authority of the Chief, BJMP or the next ranking BJMP Official.

9.3 Succession Planning:

a. The Chief, BJMP, as the head of the Bureau, is the Responsible Officer (RO), with the authority to make decisions and provide direction to the entire BJMP, especially during emergencies and disasters. In the event of disruption, the Succession of Command with respect to the relevant terms, rules and regulations of the BJMP-PSCP will be as follows:

a.1 Chief, BJMP;
a.2 Deputy Chief for Administration of the Jail Bureau
a.3 Deputy Chief for Operations of the Jail Bureau
a.4 Chief of Directorial Staff of the Jail Bureau; and
a.3 Next Ranking BJMP Official.
(Appendix "F"- BJMP Order of Succession)

b. Authority can be delegated by the Responsible Official through a memorandum which shall indicate to which officer or list of officers the delegation is made, and shall rest sufficient authority to enable the delegate to discharge his assigned responsibility.

c. In the absence of the Responsible Official, the highest ranking BJMP Official present shall assume the authority to manage the emergency or disaster response operations and shall turn over the authority as soon as the designated Responsible Official is available.

9.4 Procedure for Activation:

a. Activation of BJMP Incident Response Team (IRT) and BJMP Call Tree within 24 hours (See Tables 3 and 4);
b. Identification of available staff (c/o BJMP Communications Team);
c. Assessment of Incident Management Team (IMT), if NHQ building premises are not accessible;
d. Report of IMT damage assessment and Call Tree Operator to the Incident Commander;
e. Recommendation of Incident Management Group (IMG) on the Declaration of the activation of the BJMP-PSCP;

"Changing Lives, Building a Safer Nation"
f. Activation of the BJMP-PSCP by the Responsible Officer through a memorandum or by issuance of instruction or if the Responsible Officer is not available, the identified next ranking BJMP official shall apply;
g. Assembly of BJMP Continuity Service Team designated to each alternate regional site;
h. Relocate to the relocation site (Appendix “G”- BJMP Emergency Command Post);
i. Deployment of BJMP Public Service Continuity Personnel and provision of office support equipment (11.0 Resource Requirements); and
j. Operation of Public Service Continuity Plan.

| Incident Response Assistance Commander                                    | • Coordinates with key people and officials;  
• Reports process and updates on the operations to the RO; and  
• Authorizes release of information to the media.                                                                                                                                                                                                                                                                                                                                                             | Chief of the Directorial Staff of the Jail Bureau |
| Incident Management Team Commander                                        | • Focal person for information dissemination; and  
• Ensures planning meetings are scheduled as required.  
  
• Works closely with Operations, Planning, and Logistics Section Chiefs and Incident Responder Team;  
• Anticipates, detects and corrects unsafe situations;  
• Conducts risk and damage assessment; and  
• Has emergency authority to stop unsafe operations.                                                                                                                                                                                                                                                                                               | Director for Operations |
| Operation Team                                                            | • Directs execution of all tactical operations;  
• Acts as Incident First Responder; and  
• Ensures evacuation of all employees and tenants.                                                                                                                                                                                                                                                                                                                                                           | Director for Operations |
| Communication Team (Call Tree Team)                                        | a. Liaison Officer:  
• Serves as contact point for agency representatives;  
• Provides briefing to the answer question from supporting organizations.  
  
• Public Information Officer:  
• Serves as focal person for information dissemination; and  
• Works closely with public information officers and the media.  
  
• Call Tree Operation/ Operator:  
• Personnel who were assigned at the DPRM that will serve as communication operator in time of incident;  
• Operates the Call Tree in which they communicate and notify specific individuals of an event that happened to the BJMP-NHQ and coordinates recovery plan as per directives of the RO; and  
• Provides status report of personnel through the use of communication devices.                                                                                                                                                                                                                                                                   | Director for Personnel and Records Management |
| Planning and Recovery Team (DPD)                                          | • Collects, evaluates, and processes information;  
• Develops incident action plan for the recovery of the NHQ and its services;  
• Maintains situation and resource status; and  
• Maintains documentation.                                                                                                                                                                                                                                                                                                                                                                              | Director for Program Development |
| Public Service Continuity Team (Alternate Regional Site)                  | • Provides uninterrupted BJMP services to its client and stakeholders; and  
• Maintains Operation of BJMP-NHQ Mission's Essential Functions.                                                                                                                                                                                                                                                                                                                                            | Regional Director of BJMP Alternate Regional Site |
| Logistics and Equipment Team (DL)                                         | • Provides resources and all other services to support the responders including facilities, transportation, communications, supplies, equipment maintenance, fuel, food services and other medical supplies;  
• Manages transport for essential movement; and  
• Fabricate or locates building for temporary office.                                                                                                                                                                                                                                                                                                  | Director for Logistics |
| Finance and Procurement Team (DC and FSO)                                | • Maintains financial records;  
• Coordinates procurement contracts; and  
• Secures key suppliers during emergency.                                                                                                                                                                                                                                                                                                                                                             | Director for Comptrollership |
| Medical Team (DHS)                                                       | • Prepares list of necessary medical needs and equipment and conducts coordination with nearby Hospital/s for referrals; and  
• Serves as Emergency Medical Responder.                                                                                                                                                                                                                                                                                                              | Director for Health Service |
| Data and Records Recovery Team (DICTM)                                   | • Prepares and installs IT equipment and peripherals;  
• Recovers data from backup storage;  
• Provides Temporary Internet Connection/s; and  
• Assists Life Support Teams.                                                                                                                                                                                                                                                                                                                                                                         | Director for Information and Communications Technology Management |

"Changing Lives, Building a Safer Nation"
9.5 Timeline of Activation:

The BJMP Public Service Continuity Team must ensure the delivery of the essential functions of the Bureau mission which includes the elements of a viable continuity capability such as program plans and procedures, budgeting and acquisitions, essential functions, orders of succession and delegations of authority, interoperable communications, vital records management, staff, test, training, and exercise (TT&E), and reconstitution.

When the BJMP-NHQ has already established its function and services, the Chief BJMP shall direct the BJMP-NHQ to assume full responsibility over the existing operations and shall do the TERMINATION of the BJMP-PSCP.

10.0 Continuity Strategies

To prevent or minimize the likelihood of a disruption in the processes and delivery of expected outputs, the BJMP has identified the following key Continuity Strategies: prevention mitigation strategies, disaster response strategies, and recovery strategies.

10.1 Disaster Prevention and Mitigation Strategies

The preventive strategies are mainly focused on the safety and protection of personnel and necessary measures to minimize the disruption on the Bureau's mission essential functions.

<table>
<thead>
<tr>
<th>Focus Areas</th>
<th>Proposed Measures/Standard</th>
</tr>
</thead>
<tbody>
<tr>
<td>Capability Enhancement</td>
<td>• Conduct of inventory, vulnerability and risk assessment of BJMP-NHQ building critical areas;</td>
</tr>
<tr>
<td></td>
<td>• Infrastructure investments to reduce the threat and impact of a hazard;</td>
</tr>
<tr>
<td></td>
<td>• Integration of Disaster Risk Reduction Management and Climate Change Adoption in the BJMP-NHQ building code;</td>
</tr>
<tr>
<td></td>
<td>• Strengthen the BJMP-NHQ advocacy for the implementation and use of green technology;</td>
</tr>
<tr>
<td></td>
<td>• Establishment of a knowledge management center with the Office of Civil Defense (OCD) which will also conduct capacity-building and research activities on DRRM;</td>
</tr>
<tr>
<td></td>
<td>• Information dissemination through partnerships with various media;</td>
</tr>
<tr>
<td></td>
<td>• Recourse for the procurement of DRRM emergency response equipment;</td>
</tr>
<tr>
<td></td>
<td>• Fabricate/locate building for temporary office and equip the said office with tools and equipment necessary for emergency response for the continuity of BJMP mission's essential function;</td>
</tr>
</tbody>
</table>

"Changing Lives, Building a Safer Nation"
| Personnel Education                  | • Conduct DRRM response training to qualified NHQ personnel; and  
|                                    | • Conduct awareness workshops, preparing hazard maps, and conducting evacuation drills. |
| Information, Communications         | • Develop an ICT Service Continuity Plan and ICT Disaster Recovery Plan;  
| and Technology                     | • Equip temporary office with ICT equipment to ensure quick recovery of mission's essential function of the BJMP in case of disruption;  
|                                    | • Ensure reliable internet connectivity and videoconferencing platform;  
| Records Management                 | • Set the standards, protocols, and guidelines on information security and data privacy for web-based processes and transactions of the Bureau; and  
|                                    | • Facilitate the digitization, storage, and protection of pertinent documents of the Bureau. |
|                                    | • Secure critical records and data. The DPRM, in coordination with the DICTM, shall identify critical records and data needed for the mission's essential functions of the Bureau and shall develop an ICT or web-based solutions to secure and backed-up the critical records of the BJMP; and  
|                                    | • Ensure data privacy and information security. Confidential and sensitive information shall be identified and classified by the DPRM. |

### 10.2 Disaster Response Strategies

10.2.1 Reduce or Avoid Losses from Hazards:

   a. Create and regularly update contingency and preparedness plan that includes law and orders among BJMP personnel, and provision of food, water, medical supplies, shelter and staple goods;
   
   b. Participation on regular training, drills and exercises for wider emergency response system; and
   
   c. Ensure interoperability of emergency response system by having coordinated with other government agencies.

10.2.2 Assure Prompt Assistance to Victims:

   a. Medical Services - medical services to be provided by the DHS shall include, but will not be limited to assessment, medical management/treatment or referral for management/treatment;
   
   b. Mental Health Services - the DHS with its competent Mental Health Team will assist affected personnel to positively cope and undergo transition smoothly to a new life situation after the disaster;
   
   c. Bereavement Services:
      
      c.1 Additional Bereavement Leave - Additional bereavement leave on top of that allowed by existing laws and regulations shall be allowed to any personnel who may need more time to attend to funeral-related concerns of the death of immediate family, which loss of life is occasioned by disasters; and

"Changing Lives, Building a Safer Nation"
c.2 Bereavement Counseling - is assistance to support people with emotional and psychological stress after the death of loved ones as a result of a disaster.

d. Financial Assistance - Personnel affected by disaster may be granted one-time financial assistance subject to the discretion of the Chief, BJMP;

e. Livelihood Assistance - Disaster-affected personnel who need assistance to rebuild or start their respective livelihoods shall be referred to the BJMP Financial Institution (BJMP-MPC, BJMP-MBAI, BJMP-SLAI, etc.) for livelihood capital assistance with considerable interest rate on top of their multi-purpose loans and emergency loans; and

f. Referral Assistance to Other Agencies- Considering the myriad of rehabilitation needs of affected personnel vis-à-vis the limited resources of BJMP, the BJMP DRRM Committees shall facilitate referrals to other agencies which can provide the needed services to personnel such as medical, livelihood, educational scholarships for children, housing, resettlement, among others. For this purpose, the Committees shall prepare and maintain an updated directory of community resources. As much as possible, they must initiate MOA or partnership with identified agencies to ensure efficient referral system. The MOA to be initiated should emphasize priority slots for disaster-affected BJMP personnel.

10.2.3 Achieve Rapid and Effective Recovery:

a. Assess damage to NHQ buildings impacted areas to gather information about the extent and severity of damage as well as insurance losses to assist recovery efforts and monitor recovery progress;

b. Facilitate immediate, short-term and longer-term temporary accommodation solutions for incoming government response and recovery workforce;

c. Assess damage and coordinate the demolition, securing, clean-up, repair and restoration of BJMP- NHQ Building;

d. Provide information and advice to BJMP -NHQ Personnel regarding how to clean-up, move back in and organize the assessment, repair or rebuilding respective offices;

e. Provide advice and support about timely safety inspections and reconnection of utilities by providers;

f. Provide advice and coordinate the clean-up and disposal of hazardous building material and debris; and

g. Provide information and advice to the building industry supply chain (contractors, subcontractors and suppliers) regarding rebuilding materials, skills and trades, codes required for repair, rectification and rebuilding work.
10.3 Recovery Strategies

10.3.1 Restoration of BJMP-NHQ Building

a. DL shall ensure that the NHQ building is ready for occupancy;
b. Incident Management Team shall recommend whether to return
or relocate to an alternate site or build a new facility;
c. Incident Management Group shall decide on the
recommendations of the IMT;
d. IRT shall acquire the necessary resources and support for
restoring agency operations, especially for mission essential
functions;
e. IRT shall set the guidelines in re-establishing normal operations;
and
f. RO shall decide on the resumption of operations.

10.3.2 Reintegration in the Workforce

Only persons who have passed the fit-to-work requirements of DHS
shall be allowed to return to work. Furthermore, the following shall be
adhered to:

a. Flexible work arrangements, preferably work-from-home;
b. Ensure that the workplace and all practices are safe to avoid any
"relapse";
c. Debriefing shall be conducted by the Mental Health Team from
DHS for personnel who are traumatized by the disruption;
d. Provide health amenities for personnel; and

e. Provide a platform for such employees to share their
experiences.

10.3.3 Conditions to Return to Normal Operations

Below are the conditions required before going back to the normal
state of operations after the disruption:

a. Lifting of the “State of Emergency Level” by the Philippine
Government; and
b. Declaration from a pertinent Authority or body allowing
government and business services to safely resume 100% of
their operations.

11.0 Resource Requirements

<table>
<thead>
<tr>
<th>11.1 End-user requirements</th>
</tr>
</thead>
</table>
| • It is recommended for BJMP personnel to use office-issued
  equipment/devices while working off-site; |
| • Work-from-home (WFH) personnel shall be provided with the data
  connection devices and/or communication allowance in the absence
  of office-issued device; |
| • For extreme cases, gas allowance shall be provided to employees who
  are required to report to the BJMP-NHQ subject to the approval of the
  RO; |
| • Personnel must immediately report lost or stolen devices to IT and/or
  Security; and |
| • Provision of other health and safety requirements. |

"Changing Lives, Building a Safer Nation"
11.2 Vital Records
- Paper business records and files must always be secured and managed according to BJMP's retention policies and applicable legal holds.

11.3 Voice and Data Communication
- Conversations and phone calls involving sensitive information must be held in private locations;
- The DICTM shall provide data connection to personnel who will be assigned in work-from-home mechanisms; and
- Provides communications equipment for the BJMP Emergency Hotline.

11.4 Equipment Requirements
Support Office Equipment:
- Power Generator Set
- Diesel and Gas Fuel
- Computer Server
- Desktop Computer
- Laptop
- Landline Phone
- Printer (3-in-1 model)
- Service Vehicle
- Fax Machine
- Satellite Phone

Alternate Site Equipment:
- Power Generator Set
- Diesel and Gas Fuel
- Laptop
- Printer (3-in-1 model)
- Satellite Phone

11.5 Support Mechanism to BJMP Personnel
- Health/psychosocial interventions;
- Transportation;
- Personnel lodging/quarters;
- Defrayal of costs incurred during WFH;
- Full administrative and logistical support to personnel traumatized during the disruption
- Monetary and in-kind forms of incentives;
- Program for health and fitness; and
- Continuous training and education emergency preparedness protocols

11.6 Provision of Procurement Process
- Procurement of the resources related to this PSCP shall follow the GPPB Resolution 03-2020 and subject to the usual accounting and auditing rules and regulations.

12.0 Communication Procedure

The BJMP shall identify available and critical communication systems that are located at BJMP-NHQ Alternate Site. Further, BJMP shall maintain fully capable continuity communications that could support organization needs during all hazards, including pandemic and other related emergencies, and consider supporting social distancing operations, including telework and other virtual offices. In addition, the Bureau shall maintain communications equipment for use by personnel members of vulnerable groups. All the Bureau's necessary and required communications and ICT capabilities of the Bureau must be operational as soon as possible following PSCP activation, and in all cases within 12 hours of PSCP activation.

"Changing Lives, Building a Safer Nation"
PUBLIC SERVICE CONTINUITY PLAN

a. BJMP PSCP Activation

BJMP IRT → Chief, BJMP/Next Ranking BJMP Official → BJMP PSCP Activation

b. BJMP PSCP Deactivation

BJMP IRT → Chief, BJMP/Next Ranking BJMP Official → BJMP PSCP Deactivation

c. Information Dissemination and Notification

Chief, BJMP/Next Ranking BJMP Official → BJMP IRT → BJMP DICTM (Call Tree) → BJMP Regional Offices and Jail Units

### BUMP-NHQ Disaster Risk Reduction and Management Approach

"Changing Lives, Building a Safer Nation"
### APPENDIX “A”
**BJMP- NHQ DRRM Approach SWOT Analysis**

#### WEAKNESS
- Outside OPQAN
- NYQ personnel lacking training on disaster response
- Poor decision-making due to the absence of trained staff
- Lack of available emergency response equipment and supplies
- Limited coordination among different agencies
- Inadequate disaster management plans and protocols

#### STRENGTH
- Availability of NHQ OPQAN’s disaster response program
- Trained personnel for disaster response
- Adequate disaster management plans and protocols
- Regular training and exercises for disaster response

#### THREATS
- In the event of major disasters such as earthquakes, the NHQ-Building will be affected and will suffer significant structural damage, which will cause panic.
- Casualties and destruction.
- Limited availability of resources after major disasters.

#### OPPORTUNITIES
- Disaster Preparedness Plan can start from resources available for response.
- Increased knowledge of personnel to available disaster response resources.

#### MANAGEMENT APPROACH
**BJMP-NHQ DISASTER RISK REDUCTION AND MANAGEMENT APPROACH**
